SUMMARY

Import & Export Documentation professional with 4+ years of experience in international logistics and customs compliance. Experienced in managing Canada-bound shipments with high documentation accuracy and 0.7% regulatory penalties. Strong knowledge of customs documentation, HS classification, freight coordination, and shipment tracking. Currently seeking Import Export Executive / Customs Documentation roles in Freight Forwarding, CHA, or Logistics companies in India.

EXPERIENCE

Import & Export Documentation Coordinator / Logistics Operations Lead

Invensis Technologies Pvt. Ltd. **Jan 2022 – Present, Bengaluru, India**

- Managed end-to-end import documentation for 1,000+ monthly Canada-bound shipments across Toronto and Montreal lanes.
- Coordinated with International Stakeholders, freight forwarders, and internal teams for smooth cargo clearance (Ocean & Air & Truck).
- Verified Bill of lading, commercial invoices, packing lists, HS codes, and shipping documents prior to customs filing.
- Maintained 98–99% documentation accuracy with 0.7% CBSA regulatory penalties.
- Reduced clearance delays and exception resolution time by 30% through process improvements and automation.
- Developed Excel dashboards and KPI reports for shipment monitoring and documentation performance.
- Tracked shipment ETA and ensured timely cargo release and delivery performance.
- Conducted daily quality audits and monthly compliance reviews, sustaining 98–99% first-pass documentation accuracy for over 12 consecutive months.
- Mentored documentation team members and improved team productivity and compliance awareness.
